Fire Synchronized Industrial Fog Light (6V)

Fire Synchronized Emergency LED Fog light (Warm Yellow or Daylight)

Brand: **ORASKA**

Model: Lycan 7559

Size: 290 mm by 85 mm by 285mm & Weight: 1.84 Kg

Battery: 6V-4.5AH Heavy Duty LEAD-ACID Battery 500 Charging Cycle+
Battery Charging: Inbuilt Float and Trickle Charging Method

Lamps: 24 Watt (12 x 2) watt LED lights

Luminous Intensity: 70-100 LUX light from 10 feet height

Auto Shutdown : LED Light turns off automatically after
2 Hrs with full brightness Smart Control
(PIC18F 32MHz Microcontroller Programmed)

Maximum Available Back Up time: 3-5 Hours with Full Battery Discharge

Fire Control Panel Interfacing: Each Device can be interfaced with
fire control panel with the output module. Several devices can be
connected at cascade combination
(256 Emergency Light Device per loop)

Fire Panel interfacing: Isolated with Output Module

Fire Input Signal: 6V-24V

Fire Output Signal: 6V Peak

Isolation: Full Isolation between fire panel Lycan 7559 Light module

Signal Transmission: Wired or Wireless

Stand by Power: 85-265V, 200mA with 2-3-Watt input Power
with Built in AC Charger.

Function: Auto light ON during power failure. After 2 hrs of illumination
the microprocessor will automatically turnoff the LED Light for
longer Battery Life and the circuit is capable for re-triggering
for second time illumination for 2 hrs+

Switch and Fuse: Test Switch and 5A Fuse, AC Indicator LED ,
Full Charge LED and FIRE Alarm LED, FIRE IN/OUT PORT

Protection: Overcharge, Overdischarge, High Inrush Current Protection,
Power Factor correction Technology,

Service Warranty: 12 Months & Battery Replacement Guaranty : 12 Months

Life-Span: 4-5 Years

Recommended

1 Emergency Fog Light (Twin Head)

Model No: Lycan7559

Brand: **ORASKA**

Emergency COMBO FOG Light

Emergency Combo Light (Warm Yellow or Daylight)

Brand: **ORASKA**

Model: **EXF3297 COMBO**

Product Size: 12 by 12 by 5 inch

Battery: 6V - 7AH Heavy Duty LEAD-ACID Battery 600 Charging Cycle+

Battery Charging: Inbuilt Float and Trickle Charging Method

Fog Lamps: 24-Watt (2 x 12) watt LED lights

Exit Light Lamp: 4 Watt (44 LED's)

Luminous Intensity: 80-90 LUX light from 10 feet height

Back up time: 3-4 Hours with Auto Shutdown (Microcontroller Programmed)

Function: Exit Sign Light will light up with or without AC power with good backup. But Fog Light will Automatically light ON during power failure. After 2-3 hrs of illumination the microprocessor will automatically turnoff the LED Light for longer Battery Life.

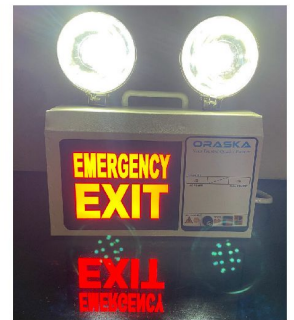

Switch and Fuse: Test Switch and 5A Fuse,

AC Indicator LED and Full Charge LED.

Protection: Overcharge, Overdischarge, High Inrush Current Protection, Power Factor correction Technology,

Battery & Service warranty: 1 Year Service

Life-Span: 3-4 Years
Recommended

Industrial Emergency Fog Light - 12V

Emergency Fog Light (Twin Headed) ; Color: Yellow / White

Brand: **ORASKA**

Model No: **NR12V40W (Metal Headlight)**

Size: 275mm by 85 mm by 300mm

Full Product Weight: 3.3 Kg

Battery: 12 Volt – 7.5 AH Heavy Duty LEAD-ACID Battery with 500 Charging Cycle+

Back Up time: 6-7 Hours (Upto Full Battery Discharge)

Protection: Overcharge, Surge Protection, Soft Startup

Battery Charging: Inbuilt Float and Trickle Charging

Method with Auto Cut-off

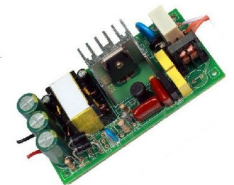

LED Light: 30 Watt (SMD 15 watt x 2 Lamps)

Luminous Intensity : 200-250 LUX at 10 Feet

Switch and Fuse: Test Switch and 10A Fuse,

AC Indicator LED and Full Charge LED.

Service Warranty: 12 Months & Battery Replacement Guaranty : 12 Months

Life-Span: 4-5 Years

Recommended

3 Emergency Fog Light (Twin Head)

Model No: **NR12V40W**

Brand: **ORASKA**

Emergency Fog Light (Twin Headed) ; Color: Yellow / White

Brand: **ORASKA**

Model No: **Lycan1207 (Metal Headlight)**

Size: 275mm by 85 mm by 300mm

Full Product Weight: 3.6 Kg

Battery: 12 Volt - 9AH Heavy Duty LEAD-ACID Battery with 500 Charging Cycle+

Auto Shutdown : LED Light turns off automatically after 3 Hrs with full brightness Smart Control

Maximum Available Back Up time: 7-8 Hours with Full Battery Discharge

Microcontroller: PIC18F 32MHz Cortex Series Programmed

Battery Charging: Inbuilt Float and Trickle Charging Method with Auto Charge Cut-off

LED Light: 30 Watt (SMD 15 watt x 2 Lamps)

Luminous Intensity : 200-250 LUX at 10 Feet

Switch and Fuse: Test Switch and 10A Fuse, AC Indicator LED and Full Charge LED.

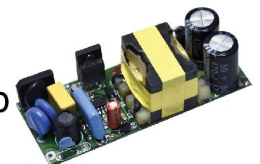

Protection: Overcharge, Overdischarge, High Inrush Current Protection, Soft Startup, Power Factor correction Technology,

Service Warranty: 1.5 Years & Battery Replacement Guaranty : 1.5 Years

Life-Span: 5-6 Years

Recommended

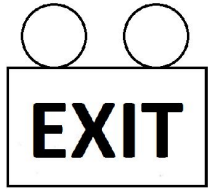

4 Emergency Fog Light (Twin Head)

Model No: **Lycan1207**

Brand: **ORASKA**

Industrial Emergency Fog Light

Emergency Combo Light (Warm Yellow or Daylight)

Brand: **ORASKA**

Model: **CB7157**

Product Size: 24 by 18 by 2.5 inch

Battery: 6V - 7AH Heavy Duty LEAD-ACID Battery 600 Charging Cycle+

Battery Charging: Inbuilt Float and Trickle Charging Method with Auto Cut-off

Fog Lamps: 12 Watt (2 x 6) watt LED lights

Exit Light Lamp: 10 Watt (80 LED's)

Luminous Intensity : 30-40 LUX at 10 Feet Height

Back up time: 3-4 Hours with Auto Shutdown (Microcontroller Programmed)

Function: Exit Sign Light will light up with or without AC power with good backup. But Fog Light will Automatically light ON during power failure. After 2 hrs of illumination the microprocessor will automatically turnoff the LED Light for longer Battery Life.

Switch and Fuse: Test Switch and 5A Fuse, AC Indicator LED and Full Charge LED.

Protection: Overcharge, Overdischarge, High Inrush Current Protection, Power Factor correction Technology,

Service Warranty: 12 Months & Battery Replacement Guaranty : 12 Months

Life-Span: 3-4 Years

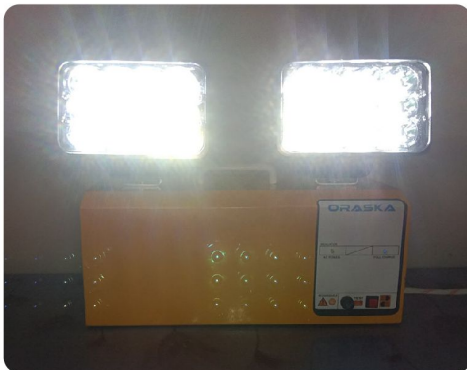

Recommended

5 Emergency COMBO Light

Model No: **CB7157**

Brand: **ORASKA**

Long Beam Emergency Fog Light (Twin Headed) ; Color: Yellow / White

Brand: **ORASKA**

Model No: NR24V90W (Metal Headlight)

Product Size: 14.5 inch by 12 inch by 6 inch

Product Weight: 8 Kg (Approximately)

Battery: 2 Pcs 12 Volt-9 AH (High Capacity) Heavy Duty LEAD-ACID Battery 500 Charging Cycle+

Battery Charging: Inbuilt Float and Trickle Charging Method with Auto Cut-off

Back Up time : 3-4 Hours (With smart Controll), Maxium Upto 7-8 Hrs

Processor : PIC 18F 32MHz Microcontroller

LED Light: 90 Watt (IP65 LED Bulb 45watt x 2 Lamps)

Luminous Intensity : 14,000-15,000 LUX at 10 Feet

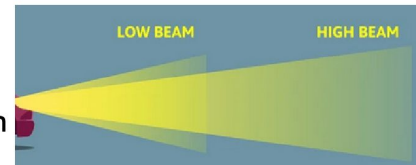

Coverage Area: 160 meter long Focussing distance

Product Material : Powder Coated Mild Steel and Plastic

Protection : Overcharge , Over-Discharge, High Current Inrush
Switch and Fuse: Test Switch and 10A Fuse, AC Indicator LED and Full Charge LED.

Mounting: Wall Mount

Service Warranty: 1.5 Years & Battery Replacement Guaranty : 1.5 Years

Life-Span: 5-6 Years

Recommended

6 Emergency Long Beam Fog Light

Model No: **CB7157**

Brand: **ORASKA**

Industrial Emergency Fog Light (6V)

Battery : 6 Volt - 4500 mAH Heavy Duty Lead Acid
Battery Charger : Inbuilt with Trickle and float charging
LED Light : 24 Watt (12 watt x 2) (110 Lumen/Watt)
Back Up : 3-4 Hours
Light Colour : Yellow / White available
Auto Shutdown : No Smart Control
Luminous Intensity : 70-80 LUX at 10 Feet
Protection : Overcharge , Inrush, Surge
Warranty : 12 Months Service & Battery: 6 Months Guaranty

Life-Span: 2-3 Years

7 Emergency Fog Light (Twin Head)

Model No: NR6V24W

Brand: **ORASKA**

Transformer Based Twin Headed Emergency Fog Light
Color: Yellow / White
Model No: TX6V551 (Auto Shut OFF)
Brand: **ORASKA**
Size: 275mm by 85 mm by 285mm & **Weight:** 2.15 Kg
Transformer Input: 9V-1000 mA
Input Power: 5-8 Watt, 0.88-0.95PF
Input: 2-3 Watt After Full Charge
Battery: 6V-4.5AH Heavy Duty LEAD-ACID Battery
Battery Auto Cut off @ 6.85V
Full Charging time: 11 Hrs
LED Light: 24 Watt (SMD 12 watt x 2 Lamps)
Luminous Intensity : 70-100 LUX at 10 Feet
Backup Time: 3-4 Hrs
Protection: Surge, Over-Charge, Over Discharge
Service Warranty: 12 Months
Battery Replacement Guaranty : 12 Months

Life-Span: 2-3 Years

8 Emergency Fog Light (Twin Head)

Model No: TX6V551

Brand: **ORASKA**

Microcontroller Based Emergency Light (Twin Headed) ; Color: Yellow / White
Brand: **ORASKA**
Model No: Lycan 459
Size: 275mm by 85 mm by 285mm & **Weight:** 1.65 Kg
Battery: 6V-4.5AH Heavy Duty LEAD-ACID Battery 500 Charging Cycle+
Auto Shutdown : LED Light turns off automatically after 2 Hrs of Smart Control
Maximum Available Back Up time: 3-5 Hours with Full Battery Discharge
Microcontroller: PIC18F Series
Protection: Overcharge, Over-Discharge, Surge Protection, Soft Startup
Battery Charging: Inbuilt Float and Trickle Charging Method with Auto Cut-off
LED Light: 24 Watt (SMD 12 watt x 2 Lamps)
Luminous Intensity : 70-100 LUX at 10 Feet
Protection: Overcharge , Overdischarge, Inrush, Surge, BMS
Service Warranty: 12 Months & **Battery Replacement Guaranty :** 12 Months

Life-Span: 3-4 Years
Recommended

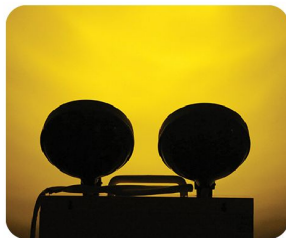

9 Emergency Fog Light (Twin Head)

Model No: Lycan459

Brand: **ORASKA**

Emergency Fog Light (Economy Class)

Battery : 4 Volt - 2500mAH Heavy Duty Lead Acid
Battery Charger Mode : CDL Ordinary
LED Light : SMD 6 Watt (3 Watt x 2) (100 Lumen/Watt)
Back Up : 3 to 4 Hours
Light Colour : Yellow / White available
Auto Shutdown : No
Luminous Intensity : 8 to 10 LUX at 10 Feet
Protection : Overcharge , Inrush, Surge
Warranty: 6 Months Service & Battery: No Warranty

10 Emergency Fog Light (Twin Head) ; Color: Yellow / White

Model No: Nanja193

Brand: Nanja

Battery : 4 Volt - 5000 mAH Lead Acid
Battery Charger Mode : CDL Ordinary
LED Light : 10 Watt (5watt x 2)
Back Up : 2-3 Hours
Light Colour : Yellow / White available
Auto Shutdown : No
Luminous Intensity : 20-25 LUX at 10 Feet
Protection : Overcharge , Inrush, Surge
Warranty: 6 Months Service & Battery: 6 Months Guaranty

11 Emergency Fog Light (Twin Head) ; Color: Yellow / White

Model No: NR4V10W

Brand: Nanja

Battery : 6 Volt - 4.5AH Lead Acid
Battery Charger Mode : CDL Ordinary
LED Light : SMD 10 Watt (5 Watt x 2)
Back Up : 3 to 4 Hours
Light Colour : Yellow / White available
Auto Shutdown : No
Luminous Intensity : 25 to 30 LUX at 10 Feet
Protection : Overcharge , Inrush, Surge
Warranty: 6 Months Service & Battery: 6 Months Guaranty

12 Emergency Fog Light (Twin Head) ; Color: Yellow / White

Model No: Nanja 647

Brand: Nanja

Industrial Emergency EXIT sign Light

Smart Color Contrast Emergency Exit Sign Light (Both Side)

Brand: **ORASKA**

Model No: SparkPro P-33

Product Size: 15.5 inch by 8 inch by 1 inch

Battery: 8.2 Volt - 2200 mAH Li-ion Battery

LED Light : 6 Watt LED (36 LED's)

LED Colour : White 5600K

Construction: SparkPro P-33 PCB + SparkPro P-33 LED

Surface Luminous Intensity: 400-500 LUX

Back Up Time : 3-4 Hours

Battery Charger : Inbuilt Trickle and float charging

Sign Colour : Green or Red Background with White Letters

(Any Types of Design)

Product Material : Aluminum Channel and Acrylic

Construction: 2 Pcs 3mm 100% Transparent Imported Acrylic
Sandwiched with the Design Files in the Middle.

Protection : Overcharge , Over-discharge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years
Recommended

2 Emergency EXIT Sign Light

Model No: SparkPro P-33

Brand: **ORASKA**

Emergency Exit Sign Light (Both Side Clear Type)

Brand: **ORASKA**

Model No: SparkPro AA-33

Product Size: 15.5 inch by 8 inch by 1 inch

Battery: 3.7 Volt - 2200 mAH Li-ion Battery

LED Light : 2.5 Watt LED (12 LED's)

Construction: SparkPro A33 PCB + SparkPro A33 LED

Surface Luminous Intensity: 400 - 480 LUX

Back Up Time : 2 Hours

Battery Charger : Inbuilt Trickle and float charging

Sign Colour : Red, Green, White (Any Design)

Product Material : Aluminium Channel and Acrylic

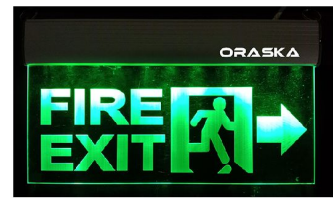

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years
Recommended

3 Emergency EXIT Sign Light

Model No: SparkPro AA-33

Brand: **ORASKA**

Industrial Emergency EXIT sign Light

Emergency Exit Sign Light (Medium Light)

Brand: **ORASKA**

Model No: SparkPro 1467

Design: Black Background with Green Letters and Details

Product Size: 14 inch by 6 inch by 1 inch

Battery: 3.7 Volt - 1200 mAH Li-ion Battery

LED Light : 2 Watt LED (11 LED's)

Construction: SparkPro 1467 PCB + SparkPro1467LED

Surface Luminous Intensity: 60-80 LUX

Back Up Time : 45 to 90 mins (Maximum)

Battery Charger : Inbuilt Trickle and float charging

Sign Colour : Red, Green,White (Any Design)

Product Material : Aluminium Channel and 2mm Acrylic

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 12 Months

Battery Replacement Warranty : 12 Months

4 Emergency EXIT Sign Light

Model No: SparkPro 1467

Brand: **ORASKA**

Super Bright Emergency Exit Sign Light (Single or Both Side)

Brand: **ORASKA**

Model No: SparkPro G-2616

Design: Black Background with Green Letters and Details

Product Size: 14 inch by 6 inch by 1 inch

Battery: 8.2 Volt - 2200 mAH Li-ion Battery

LED Light : 6 Watt LED (36 LED's)

LED Colour : Green 4800K

Construction: SparkPro 2616 PCB + SparkPro2616 GW LED/Q36

Surface Luminous Intensity: 500 - 550 LUX

Back Up Time : 3-4 Hours (Guaranteed)

Battery Charger : Inbuilt Trickle and float charging with BMS

Product Material : Aluminium Channel and 2.5mm Acrylic

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years
Recommended

5 Emergency EXIT Sign Light

Model No: SparkPro G-2616

Brand: **ORASKA**

Industrial Emergency EXIT sign Light

Super Bright Emergency Exit Sign Light (Single or Both Side)

Brand: **ORASKA**

Model No: SparkPro W-2616

Design: Green / RED Background with White Color Design

Product Size: 14 inch by 6 inch by 1 inch

Battery: 8.2 Volt - 2200 mAH Li-ion Battery

LED Light : 6 Watt LED (36 LED's)

LED Colour : White 6500K

Construction: SparkPro 2616 PCB + SparkPro2616 GW LED/Q36

Surface Luminous Intensity: 500 - 550 LUX

Back Up Time : 3-4 Hours (Guaranteed)

Battery Charger : Inbuilt Trickle and float charging with BMS

Product Material : Aluminium Channel and 2.5mm Acrylic

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years
Recommended

Industrial Emergency EXIT sign Light

Super Bright Emergency Exit Sign Light (Single or Both Side)

Brand: **ORASKA**

Model No: SparkPro R-2616

Design: Black/Green Background with RED Color Design

Product Size: 14 inch by 6 inch by 1 inch

Battery: 8.2 Volt - 2200 mAH Li-ion Battery

LED Light : 6 Watt LED (40 LED's)

LED Colour : RED 1650K

Construction: SparkPro 2616 PCB + SparkPro2616 R LED/Q40

Surface Luminous Intensity: 550 - 600 LUX

Back Up Time : 3-4 Hours (Guaranteed)

Battery Charger : Inbuilt Trickle and float charging

Sign Colour : Black/Green/Blue Background (Any Design)

Product Material : Aluminium Channel and 2.5mm Acrylic

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years

Recommended

7 Emergency EXIT Sign Light

Model No: SparkPro R-2616

Brand: **ORASKA**

Super Bright Emergency Exit Sign Light

(Single or Both Side)

Brand: **ORASKA**

Model No: SparkPro 2616 MEGA

Design: Black Background with Green Details.

Product Size: 18 inch by 8 inch by 1 inch

Battery: 8.2 Volt - 2200 mAH Li-ion Battery

LED Light : 7 Watt LED (42 LED's)

Construction: SparkPro 2616 PCB + SparkPro2616LED/Q42

Surface Luminous Intensity: 550 - 600 LUX

Back Up Time : 3-4 Hours (Guaranteed)

Battery Charger : Inbuilt Trickle and float charging

Sign Colour : Red, Green,White (Any Design)

Product Material : Aluminium Channel and 2.5mm Acrylic

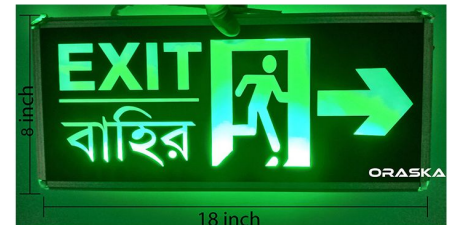

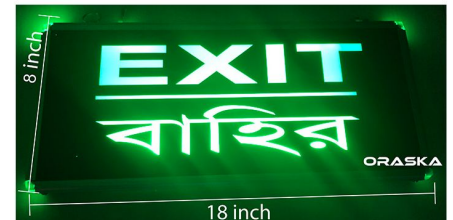

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years

Recommended

8 Emergency EXIT Sign Light

Model No: SparkPro 2616 MEGA

Brand: **ORASKA**

Industrial Emergency EXIT sign Light

Super Bright Emergency Exit Sign Light
(Single or Both Side)

Brand: **ORASKA**

Model No: SparkPro 2616 GIGA

Design: Black Background with Green Details.

Product Size: 24 inch by 12 inch by 1 inch

Battery: 8.2 Volt - 3200 mAH Li-ion Battery

LED Light : 7 Watt LED (45 LED's)

Construction: SparkPro 2616 PCB + SparkPro2616LED/Q45

Surface Luminous Intensity: 600 - 650 LUX

Back Up Time : 3-4 Hours (Guaranteed)

Battery Charger : Inbuilt Trickle and float charging

Sign Colour : Red, Green,White (Any Design)

Product Material : Aluminium Channel and 2.5mm Acrylic

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years
Recommended

Industrial Emergency Box EXIT sign Light

Emergency Exit Sign Light (Box Type), Super Bright

Brand: **ORASKA**

Model No: SparkPro 177-W Exit Sign

Product Size: 17 inch by 8 inch by 2.5 inch

Battery: 8.2 Volt - 2200 mAH Lead Acid Battery

LED Light : 6-7 Watt LED (36 LED's)

Construction: SparkPro 177W + 9V LED (36 pcs)

Surface Luminous Intensity: 500-550 LUX

Back Up Time : 3-4 Hours

Battery Charger : Inbuilt Trickle and float charging

Product Material : Powder Coated MS Sheet and Acrylic

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years
Recommended

10 Emergency EXIT Sign Light

Model No: SparkPro -177W

Brand: **ORASKA**

Industrial Emergency Box EXIT sign Light

Emergency Exit Sign Light (Box Type)

Brand: **ORASKA**

Model No: SparkPro 645 Exit Sign

Product Size: 24 inch by 12 inch by 2.5 inch

Battery: 6 Volt – 4.5AH Lead Acid Battery

LED Light : 10 Watt LED (72 LED's)

Construction: SparkPro 645 PCB + 6V SMD LED 72 Pcs

Surface Luminous Intensity: 550-580 LUX

Back Up Time : 3-4 Hours

Battery Charger : Inbuilt Trickle and float charging

Product Material : Powder Coated MS Sheet and Acrylic

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years
Recommended

11 Emergency EXIT Sign Light

Model No: SparkPro - 645

Brand: **ORASKA**

Industrial Emergency Box EXIT sign Light

Emergency Exit Sign Light Box (Brightest Light Ever)

Brand: **ORASKA**

Size: 24 by 12 by 2.5 in

Model No: SparkPro 2520

Battery : 17.5 Volt - 2200 mAH Li-Ion Battery

LED Light : 15 Watt LED (108 LED's)

Construction: SparkPro 2520 PCB + 17V SMD LED 108 Pcs

Surface Luminous Intensity: 600-700 LUX

Back Up Time : 2-3 Hrs

Battery Charger : Inbuilt Trickle and float charging with BMS

Sign Color : White Letters at Green/RED Background

Protection : Overcharge , Overdischarge, Inrush

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

Life-Span: 2-3 Years
Recommended

No: SparkPro 2520 (Super Bright) Brand: ORASKA
24 by 12 by 2.5 inch
12-15 Watt LED Back-Up : 2-3 Hrs Back-Up
2200mAH Li-Ion Battery, 1 Year Warranty

Industrial Emergency Box EXIT sign Light

Emergency Exit Sign Light (Very Large Box Type), (Brightest Light Ever)

Brand: **ORASKA**

Model No: SparkPro 662HP Exit Sign

Product Size: 48 inch by 24 inch by 3 inch

Battery: 2 Pcs 6 Volt – 7AH Lead Acid Battery

LED Light : 50 Watt LED (255 LED's)

Construction: SparkPro 662HP PCB + 6V SMD LED 144 Pcs

Back Up Time : 3-4 Hours

Battery Charger : Inbuilt Trickle and float charging

Product Material : Powder Coated MS Sheet and Acrylic

Protection : Overcharge , Overdischarge, Surge Current, Inrush.

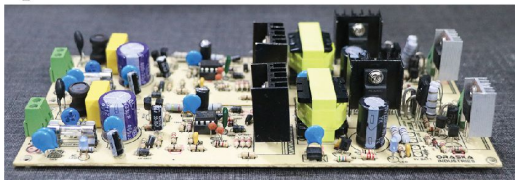

Service Warranty: 1 Year

Battery Replacement Guaranty : 1 Year

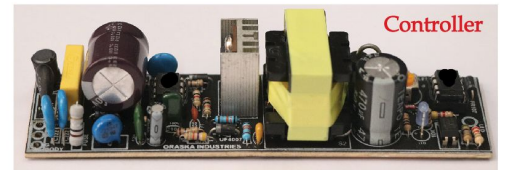

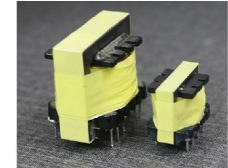

Life-Span: 2-3 Years
Recommended
